

## Property Assessment Data

Values Online: <http://charlton.patriotproperties.com>

### Property Assessment Data - Search Instructions:

To view our assessment data you may search using the Patriot Properties link. You may search by street name and parcel id.

#### Using Street Name:

DO NOT use any abbreviations or periods. ex:13 N. Sturbridge Rd., search as N Sturbridge and then scroll down to find the appropriate house number.

Using Parcel I.D.: (example. Map 12-Block B-Lot 31 should be typed as 12-B-31)

Parcel I.D. is the Assessors Map, Block and Lot No. Map number is located in the bottom right corner of each map.

Maps can be rotated using the rotate view icon - far left, light and dark blue page images-shown just above the maps.

Block is the large letter in a large square box on the maps...There is a different block depending on which side of the street the parcel is on. Ex: A, B, C, D, etc. in a square.

Lot Number is the larger number located on each parcel usually above the acreage calculation.

Using Owner Name: Due to Privacy laws, you may search only by Property Address or Assessors parcel I.D. Sorry for any inconvenience this may cause.
