

Town of Charlton

Finance Committee Meeting Minutes

Selectman's Meeting Room

3/28/17

Meeting came to order at 8:00pm

In Attendance: Jerry Doble – Chairman, Peter, Doug Stepien, Hank Camosse.

This was a joint meeting with the Board of Selectman, Board of Health, and the Water/Sewer Board.

The only topic was the contamination of wells at 59 and 63 Flint Road.

Gary Magnuson of CMG Environmental, Inc presented his findings on the area around the town landfill and dump. (See enclosed letter to the Town).

Solutions were discussed and an advisory board may be set up to monitor the situation.

1. Put in filtering system at the two homes affected. (63 now has a filtering system, 59 is getting bottled water.)
2. Dig both homes a new well.
3. Dig a common well for both homes.
4. Install a town water main to the area affected.

It was too early to make any such decisions

The Selectmen did vote to allocate \$30,000 to carry the town to about the October special Town Meeting.

This will allow CMG to work with the DEP to resolve the problem.

Hank made a motion to adjourn and Doug seconded. All were in favor.

Meeting adjourned and 8:50 pm.
