- Chair, Jon Sanborn, called the meeting to order at 6:00 p.m.
- Vice Chair, Matt Gagner made a motion to accept the February 1, 2022 minutes. Member, Peter Lancette second, all in favor.
- First item on the agenda was Cemetery and Gould Road. Gary Magnuson was in attendance. He put together a chart of homes that had detections of MTBE and recommended testing frequency for these homes. What is the level of interest of the residents about getting tested? Matt would like to send a letter from the BOH with this information that Gary compiled for each residence. The entire Board is fine with the office drafting a letter and sending it out with Jon's approval.
- Flint Road and Old Town Road well contamination was next on the agenda. Nothing new from Gary Magnuson. Everything is stable and not much to report there. Will be getting schedule going to test March and April.
- Matt made a motion to adjourn the meeting due to the Zoom meeting being hacked at 6:15 P.M.
